C. O. T. C. HEAR LECTURE ON MACHINE GUN

Lieut. Keene, Lately Invalided
Home Gives Interesting and
Practical Talk.

OFFICERS INTERESTED.

At Beginning of War the Ger-
mans Better Equipped in Mat-
ter of Machine Guns.

Last evening the officers of the Mc-
Gill C.O.T.C. were treated to a lecture
on the machine gun division at the
front by Lieut. Keene, an officer of
that division lately invalided home.
His address was extremely interesting
and instructive from the practical
point of view and the officers took ad-
vantage of his experience.

Germany had learned from the Boer
war the tremendous importance of
the machine gun and so at the beginning
of this war she had between fifty and
eighty thousand or roughly about six
to a battalion while the British forces
had only two. This fact made them
considerably more daring.

Concealment rather than protection
is the important factor for the ma-
chine gun because one cannot make
them proof against the high explosives
which sometimes tear a hole in the
ground fifty feet long and twenty feet
deep. The Germans think nothing of
turning a whole battery on a machine
gun that is doing any damage. Aero-
planes also have to be guarded against
from above.

The machine gun man has to be of
more intelligence than the infantry-
man. In action he must know who
his neighbors are, for, in more than
one instance, a machine gun has been
fired into a trench of his own; he is
the last man to retreat when that call
is sounded, and it is a noticeable fact
that almost all those who have received
the V.C. have belonged to the ma-
chine gun division.

At the close of the meeting a vote
of thanks was tendered the speaker.

MEDICAL COUNCIL EXAMINATIONS ON

Candidates From All Quarters of
Canada Seeking Quali-
fication.

The autumn examinations of the
Medical Council of Canada are being
conducted this week in the Medical
Building. The candidates, fifty in
number, are from all parts of Canada
and they are seeking the qualification
of L. M. C. C., which is accepted for
registration to practice in any prov-
ince of Canada, under the provisions
of the Canada Medical Act, known fa-
miliarly as the "Hodgkin Bill."

The presiding officer is the regis-
trar, Dr. Robert W. Powell, of Ottawa,
and his deputies are Dr. J. W. Scane
and Dr. A. U. R. B. of Montreal.
There are in all 28 examiners (14
English and 14 French) in order to
provide for candidates who desire to
be examined in French.

The examiners are chosen by the
Medical Council of Canada, and are all
men of note from the various centres
of Canada engaged in the teaching of
medicine and surgery.

The spring examination took place
at Winnipeg last June, when 10 candi-
dates presented themselves.

A much larger class than 50 would
have been at this present examination
had it not been for the war and its at-
tendant complications and necessities,
requiring the services of a large num-
ber of young medical men.

The names of the examiners and
their residences are: Dr. I. A. Hen-
derson, Montreal; Dr. S. F. McKibbin,
London; Dr. E. Couillard, Quebec; Dr.
L. Mignault, Montreal; Dr. R. A. P.
Knight, Kingston; Dr. E. G. Asselin,
Montreal; Dr. A. Hunter, Toronto; Dr.
O. Leclerc, Quebec; Dr. C. V. Valin,
Montreal; Dr. H. W. Hill, London; Dr.
R. Fortier, Quebec; Dr. A. J. Douglas,
Winnipeg; Dr. E. Laflamme, Montreal;
Dr. A. G. Nicholls, Halifax; Dr. A.
Vallee, Quebec; Dr. G. Bell, Winnipeg;
Dr. R. Ferguson, London; Dr. S. Gron-
din, Quebec; Dr. M. A. Curry, Hal-
fax; Dr. L. de L. Harwood, Montreal;
Dr. S. Skinner, St. John; Dr. E. P.
Benoit, Montreal; Dr. W. F. Hamilton,
Montreal; Dr. A. Rousseau, Quebec;
Dr. A. T. Bazin, Montreal; Dr. A. Pa-
quet, Quebec; Dr. O. Mercier, Mont-
real; Dr. J. G. McDougall, Halifax.

The examinations will not be con-
cluded until Tuesday evening, October
19th.

Every facility is being offered by the
medical faculty of McGill for the con-
duct of the examinations, and the four
main general hospitals of Montreal
have generously thrown upon for use
of the clinical examinations in medi-
cine and surgery, which began yester-
day afternoon.

The next examinations are ordered
to be held at Toronto and Winnipeg
concurrently, in June, 1916.

Killed Recently While Fighting With
the British in France.

FRESHIE HURT IN ARTS RUSH AT KINGSTON

Was Being Freed by Sophomore
When Knife Slipped and
Cut Him.

NEWCOMERS WERE READY

But, As is Always the Case,
Were in Second Place When
Fray Was Over.

The sophomores of the Arts Faculty
of Queen's upheld the traditions of
their year by "rushing" their timid
brethren, the freshmen, at Queen's
lower campus Thursday morning. Al-
though the classes are not as large
this year as on former occasions the
event was very much in keeping with
those of former years in every re-
spect.

The "freshies" got word that the
rush was coming off and they came
prepared, as far as old clothing was
concerned. They were not equal, how-
ever, to their seniors in the battle on
the campus and in a short time all the
junior students were securely tied up.
Then the decorating was commenced.
Each of the students were painted and
in a manner that was not artistic.
Shoe blacking, corn starch and a
special brand of molasses was rubbed
into the hairs of the youths. Their
faces were not overlooked nor was
their clothing.

A large number of them were
huddled into a van and were brought
down into the city of Kingston. The
remainder of the students, who had
been "initiated" marched behind the
van singing college airs. They went
through a number of stores and on
their trip gathered a few baskets of
fruit.

When one of the freshmen was be-
ing liberated from his bonds he re-
ceived a painful cut in the side. He
had been tied up and the youth who
liberated him accidentally cut his
side, with the result that three stitches
had to be put into the wound at the
General Hospital.

HAD CLOSE SHAVE

Freshman at Queen's Caught in Bed
When House Was Burned.

Fulton Kendrick, a first-year stu-
dent in the faculty of education at
Queen's University, had a narrow
escape from being burned to death on
Thanksgiving Day, when his father's
residence at New Dublin, Ont., was
burned to the ground. Kendrick, who
was home for the holiday, was in bed
when the fire started, and upon awak-
ening, was forced to battle through the
flames to gain safety. He was, how-
ever, unscathed.

SCL UNDERGRAD. MEETING.

At a special meeting of the Under-
graduate Society held yesterday a mo-
tion was passed to the effect that the
Society should ask the Faculty to
move the afternoon schedule of lec-
tures on one hour, from 3 to 6 p.m.,
so that the men can have day light to
practice in.

1917 ANNUAL NOW FINALLY DECIDED UPON

Meeting Held at R. V. C. Last
Night Decides That Annual
Will be Published.

OFFICERS ARE ELECTED

Organization Was the Chief Ob-
ject of the Meeting—Work
Will Now Go Ahead.

Yesterday evening, at 7:15 o'clock,
the annual business and editorial
boards met in the faculty room of the
R. V. C. There were present Miss L.
I. Irwin, Miss J. B. Elliot, Miss I. J.
Patton, Miss M. G. Melvin, T. J. Kelly
(Law), E. W. Lunney (Med.), R. G.
Lawrence (Med.), M. Bernfield (Law),
P. A. G. Clark (Arts), T. W. L. Mac-
Dermot (Arts), H. R. Morgan (Arts),
G. W. Bourke (Arts), A. S. Foe (Sci.),
V. Lemay (Sci.), E. Cushing (Sci.).

After Eric Cushing, president, '17,
had called the meeting to order, the
question of publishing an Annual this
year was mooted. After a short dis-
cussion the boards agreed to con-
tinue the publication even if on a
smaller scale than in previous years.

The president then called for nomi-
nations for chairman of the editorial
board. The only name mentioned was
that of T. J. Kelly, Law '17, who was
therefore elected by acclamation.

After this election, Eric Cushing vac-
ated the chair and allowed the new
chairman to assume his rightful po-
sition. There followed after this in
quick succession the various elections:

H. R. Morgan, Arts '17, secretary of
editorial board.

E. W. Lunney, Med. '17, president of
business board.

Miss Lilian Irwin, Arts '17, secre-
tary of business board.

G. W. Bourke, treasurer of business
board.

This preliminary business disposed
of, some general discussion followed
as to the work assigned to the two
boards, as well as some probable
means of meeting expense, etc. It was
soon found, however, that business
could be transacted much better if the
two boards separated. On a motion
they agreed to get forms made from
each member of the year '17, giving all
particulars that are usually published
under the individual photograph in the
Annual.

Meanwhile the business board made
arrangements for beginning their cam-
paign. T. W. L. McDermot was nomi-
nated to look into the question of the
disposal of the advertising, after which
the chairman adjourned the meeting
and called another for Wednesday
evening, October 20, at the same time
and place.

REV. J. S. WOODSWORTH WILL GIVE ADDRESS

Lecture on "Canadian Citizen-
ship" at Strathcona Hall To-
morrow Afternoon.

Rev. J. S. Woodsworth, secretary of
the Canadian Welfare League, Winni-
peg, and the possessor of a reputation
as a specialist in social service which
extends the length and breadth of Cana-
da, is to speak in Strathcona Hall to-
morrow afternoon on "Canadian Citiz-
enship," a subject which should make
a strong appeal to undergraduates, all
of whom are invited to be in attend-
ance.

Rev. Mr. Woodsworth, who is to be
a lecturer on "Sociology" to the students
of the affiliated theological colleges
during the present session, has gained
a leading place among Canadian wel-
fare workers through his activity in
this direction in Winnipeg and other
comopolitan centres, and his address
will doubtless prove of the greatest in-
terest as well as instruction.

THE AMERICAN CLUB

Opening Meeting of the Club to be
Held Next Monday Evening.

The American Club will hold its
opening meeting in Strathcona Hall on
Monday evening, October 18th, at 8
o'clock.

The executive are particularly anx-
ious to meet the American boys who
are entering college for their first
year, and urge them to be present.

As for those who took part in the
club's programme last year, they al-
ready know the benefits accruing from
the organization.

Editorial Notes

The first Sunday "Sing" of the session which is to be held in Strathcona Hall to-morrow afternoon is worthy of a large attendance on the part of undergraduates. Students who have been present at these "Sings" in past years know for how much they count, and newcomers will do well to become acquainted with them.

The Junior year in general will rejoice to learn of the decision arrived at last evening to proceed with the production of the 1917 Annual. As it is essentially one of the institutions of the Junior year, it would have been a pity had the Third year representatives decided otherwise.

The large attendance at the Soccer Club meeting held last evening augurs well for the success of the club's activities during the session. There is opportunity for every undergraduate to become connected with an organization whose object is the promotion of good, clean sportsmanship.

The action of the Students' Council in granting free access on the part of undergraduates to one meeting a month will be interpreted by many as a step forward in the right direction. For several years there has been a feeling prevalent among many undergraduates that the Students' Council should allow more opportunity for the expression of undergraduate opinion upon the matters under discussion. It was the advocacy of a proposition of a similar nature which precipitated the resignation of an editor-in-chief of the McGill Daily not so long ago, when student government here was in the hands of a group of men possessing different ideas on the matter.

Correspondence

Oct. 15, 1915.

To the Editor of the McGill Daily:

Dear Sir,—I desire to address the context of this note to the undergraduate body for their perusal in reply to your editorial on electioneering in today's issue of the Daily.

I am a candidate for an important position in one of the athletic clubs, who introduced (unknowingly) an innovation, in some of the Arts classes, on Thursday, when I proceeded to address the members of several years (two, in fact) on what you designated wrongly in the editorial column as my "personal fitness for the office."

Mr. Editor, I am indeed sorry and sincerely regret if I have infringed upon the laws of the constitution or the customs of established precedence, and I tender an apology to the undergraduate body and to the other nominees.

If it has been the custom at McGill that candidates for posts in the various student organizations should not indulge in any electioneering on their own behalf, it has been perfectly legitimate elsewhere, and, indeed, it is in no way worse than the endeavor of factions to govern our affairs or activities. It may be unfortunate and inevitable that political success should depend largely upon the self advertisement and personal solicitation of the candidate for an office. If the student autonomy is fashioned upon democratic principles and is consequently a democracy, has not a candi-

date a perfect right to conduct an electioneering campaign?

The subject of my remarks was not based upon "personal fitness for the office" in the sense which your editorial asserts. My statements, practically verbatim, as I recall them, were: "I have had considerable experience in competitive athletics, as well as in business activities, and, if elected, would serve primarily, of course, the interests of the athletes and the interests of the undergraduate body to the best of my ability upon the Council." Furthermore, I stated that a detailed statement of my policy would be given, as is customary, in the Daily before the election. Beyond soliciting the vote of the class, no further remarks were made either in my own interests or to the disparagement of the other nominees.

To recapitulate, I am indeed sorry, if what I have done has been illegitimate and contrary to the constitution or even established precedence. If it has been such, I desire that this letter be regarded as a formal apology to the undergraduate body, and as far as I am concerned, bring any controversy on the subject to an immediate close.

S. RUSSELL McCREARY,

Arts '16, Med. '19.

P.S.—Arrangements were being made for me to address other classes, but such, in accordance with my own wishes, were suspended after a perusal of your editorial this morning.

S. R. McC.

IMPROVEMENTS IN ARTS READING ROOM

Arts Undergraduate Society Doing Good Work For Welfare of Students.

Through the energy and activity of the present Arts Undergraduate Society executive, a further improvement is to be made shortly in the Arts reading room which has of late years been much neglected. The Arts Undergrad. has already this session effected a change most popular with students in providing racks for newspapers which were previously allowed to scatter all over the reading room and be taken by whoever chose to make off with them. Armchairs of solid oak, nine in number, will shortly be placed in the reading room, thereby adding a further atmosphere of comfort to the room. It is expected that an effort will be made to have smoking allowed in the reading room, instead of in a separate smoking room as is at present the case.

ARTS UNDERGRADS ELECT OFFICERS

Yesterday's Voting Showed Close Returns For Officers of Treasurer and Vice-President.

Considerable enthusiasm was shown yesterday morning in the election for the officers of vice-president and treasurer for the Arts Undergraduate Society. The large total of 119 votes was polled, and the results were very close, particularly in the case of the election for treasurer, when J. S. Callaghan, '18, was elected by a majority of two over Green.

P. A. G. Clark, '17, was elected to the office of vice-president by the majority of 28 over T. S. Allan, '17.

This election completes the list of officers for the society, which is as follows: President, C. R. McKenzie, '16; vice-president, P. A. G. Clark, '17; treasurer, J. S. Callaghan, '18; secretary, E. S. Frost, '19.

Yesterday's vote was as follows: For vice-president—Clark, 71; Allan, 46.

For treasurer—Callaghan, 60; Green, 58.

The Ogilvie Flour Mills Co., Limited

REPORTS and BALANCE SHEET

For year ended August 31, 1915, presented to the shareholders at Fourteenth Annual Meeting held at Montreal, Que., October 14th, 1915.

DIRECTORS' REPORT.

A Balance Sheet showing the Assets and Liabilities of the Company, also profits for the year, and the transfer to a Special Contingent Account of the sum of \$1,250,000 is submitted.

The sum of about \$28,000 was added during the year to the Company's Pension Fund, which now amounts to \$100,000.

The Company's accounts have been audited by Messrs. Creak, Cushing & Hodgson, Chartered Accountants, whose report is presented herewith.

The Ogilvie Grain Company, Limited, was incorporated during the year. This is a subsidiary Company, which has been created to facilitate the handling of the Company's grain business.

A further addition to the Company's terminal grain elevator at Fort William has been constructed with a capacity of 750,000 bushels. The Company now has a storage capacity of 7,250,000 bushels at Fort William and West thereof, and of 1,800,000 bushels East of Fort William.

The Company's flour mills, elevators and other properties are in first-class condition. Liberal expenditures are constantly being made to keep them up to the most modern standard of efficiency.

The usual dividends have been paid during the year on the Preferred and Common stocks.

All of which is respectfully submitted.

CHARLES R. HOSMER,

President.

VICE-PRESIDENTS AND MANAGING DIRECTOR'S ADDRESS.

Mr. W. A. Black, Vice-President and Managing Director, in addressing the shareholders, said:

The financial statement submitted will, I am sure, be received by you with great satisfaction. The past year was a very trying one, the fluctuations in the wheat market having been quite abnormal. On the 1st of Sep-

tember, 1914, new crop wheat was quoted at \$1.13½ at Fort William. From this level it gradually worked up to \$1.65, then reacted to \$1.17½, then back again to \$1.40½, and finally at the end of the fiscal year it was down to 87½c.

Towards the end of April the Canadian Government issued an order limiting the export of flour to only two possible importing countries, viz., Great Britain and France, in addition to which the British and French Governments purchased large quantities of wheat which they re-sold to mills in those countries below current values, the effect being that we were practically put out of the export flour business. Domestic business, too, at that time was at a minimum as a result of the smaller population and the laying in of large stocks before the end of our previous year by consumers and dealers generally.

This combination of circumstances, however, turned out fortunately for our Company, as the grain which we had provided for our normal requirements, not being needed, was sold at a very large advance over its cost to us. I have thought it wise to explain this at length, for it is an experience that may not occur again. As this profit is unusual, the amount has been shown separately from the regular trading profits, as will be noted from the statement before you.

I think I should draw the attention of our Shareholders to the fact that in addition to flour milling, we operate oatmeal mills at Winnipeg and Corn and Barley processing mills at Montreal, buy and sell all classes of grain through our system of 147 elevators in the Canadian Northwest, and also own and operate a large terminal elevator at Fort William of 2,000,000 bushels capacity, from which a very considerable portion of our profits are derived.

Our country has this year been blessed with by far the largest crop in its history, and the general outlook for business is most encouraging.

Our Government has recently removed many of the restrictions regarding the exportation of flour, wheat, etc., to foreign countries, thus affording much broader markets.

Auditors.

QUIPS

—By T. J. K.

A Freshman was observed in the Union last Saturday folding up his "Daily" after reading it. He had evidently been perusing this column for he was heard to softly remark: "Swell! the way of the transgressor is well written up."

Lines of Virgil still remind us. We can make our lives sublime, And by asking silly questions, Take up all our teacher's time.

A gay young stude from the Red and White Institute of Learning (Adv.) was walking down University street yesterday with a dame hanging on to one of his arms. The stude was in one of those reckless moods and exclaimed to the girl, "You look nice enough to eat!"

The girl, evidently a very sensible creature, looked at our hero and in a melodious voice that floated sweetly on the evening air replied, "And so I do, three times a day."

Which girl to love, I can't decide, My weary soul it vexes; The one who has the big blue I's Or she who has green X's.

The man who plays cards for money often finds that the other fellow did the same thing.

Wednesday afternoon the students of the second and third years in Law were busily poring over the tomes of legal law which had all summer been gathering dust on the mantel. The day was just nice and as a result the windows were open. A dog out on the campus raising his voice, howled out his woes to the world. The professor being annoyed demanded that the windows be shut. Those who sat in the front seats solemnly declare that they heard his say, "I am Sir Oracle! when I speak etc." The matter should, I suppose, end here, but dear reader, there is a sequel. Someone, with the brain of a Sherlock Holmes has discovered that the dog belongs to Sam Ram. It will be re-

membered by those in the know that Sam Ram was a Police Court scandal last year and delivered a most learned argument when he was charged with the non payment of his dog-tax. The dog, faithful animal, follows Sam to school every day and when it grows particularly lonesome bursts into tears and in window-breaking notes begs Sam to come out.

A couple of fair Coeds were up at the Observatory the other evening. They were looking through the giant telescope and the astronomer was describing the various stars and planets upon which the telescope was trained. A certain star came into view and he said, "The star which you are looking at now is 20,000,000 miles distant."

And the fair coed turning an innocent face to him asked, "From here or from the ground level?"

Poets With Power.

"Twinkle! twinkle! little star," the poet said, and lo! Way above the earth so far the stars a-twinkling go.

—San Francisco Call.

"Roll on, thou deep blue ocean roll!" another voice was heard, And ocean rolls obedient to his mandatory word.

—Louisville Herald.

"Blow, blow, thou winter wind," the third one gave command, And every winter now we hear it blow to beat the band.

—Boston Transcript.

"Thou, too, sail on, O ship of State," a poet once did sing; And ever since the ship of State's been doing that same thing.

—Yonkers Statesman.

"Flow down cold river to the sea," a poet fellow wrote; And why the river does the stunt, does surely get our goat.

—Quips.

Miss Helen was a pretty girl, With hair of golden hue; She used to want to go for a job, And Helen got it, too. The boss he fell in love with her, And she became his bride; A motor car, soon after that, Jumped on him, and he died, And Helen got a million plunks— The third of his estate, Said she, "It pays to advertise No matter what the rate."

"We would respectfully call the attention of all who have anything to dispose of to the above lyric lines which contain so much truth.—Ed. note.)

The editor of this dandy little column is a great student of biograph. In the course of his studies he has, at different times, come across various facts in connection with the lives of great men, which he felt sure other people would like to know. On this account he anticipates that the following remarks will be of more than passing interest to the select readers of the Daily—

Peccolities of Great Men.
Carlyle never liked being alluded to as a "blithering idiot."

Keats would go out of his way to avoid a lunatic with a knife.

Dr. Johnson hated to have any one run and butt him in the waistcoat.

Sir Wilfrid Laurier will never, if he can avoid it, write with a broken nib.

Faraday, the great chemist, disliked the sensation of nitric acid on his hands.

Disraeli would walk about or stand rather than sit upon a freshly painted bench.

Mendelssohn did not like the sound of a finger nail being drawn across a slate. A thumb nail caused him similar disquiet.

Sir Walter Raleigh had a marked objection to prison life; and Lord Burleigh, his great contemporary, never liked to slip off a curbstone with his tongue between his teeth.

OTTAWA KEEN FOR I. U. D. L. CONTINUANCE

Irish Students at Meeting Decide To Go Ahead With Participation in Debating.

PLACE TEAM IN LEAGUE

Many University of Ottawa Men Are Continuing Studies At McGill.

(Special Staff Correspondence.)

Ottawa, Oct. 15.—Prof. Cullinan has been selected as moderator of the Ottawa University Debating Society. A meeting of the Irish students was held recently, and it was decided to keep up the same spirit in regard to the Debating Society. They also decided to place a team in the Intercollegiate Debating Union. The election of officers will take place in the course of the next week.

The Sons of Alma Mater are scattered far and wide. The following are taking a course of study at St. Francis Xavier, Antigonish, N.S.: Messrs. W. Doran, M. Robillard, J. Robillard, W. J. Gilhooley, W. Armstrong, R. Boyden, F. Ebbs, J. Cunningham, of Ottawa, and Messrs. A. Sloan, C. Sullivan, J. Mangan, F. Tierney and L. Pouppore from outside points. Messrs. B. Foley, L. Clarey and J. Burke are taking up engineering at Toronto. Messrs. J. Brennan, E. O'Leary and A. McPhee, are studying dentistry at Toronto, and Mr. H. Fallon has entered the London Seminary. Messrs. J. Smith, J. O'Reilly, E. Bambrick and T. Grace have entered St. Augustin Seminary. Mr. B. J. Lee, from the West, is also at Antigonish. H. Doran and J. A. Howard are taking up science at McGill. Messrs. L. Duffy, V. Heney, F. Madden, J. Gilhooley and M. Leahy are taking medicine at McGill, and it is expected that F. Higgins will also take up medicine at McGill. L. McCaffery is taking up dentistry at McGill.

Since studies were resumed at the University, Messrs. C. T. Fink, J. O'Keefe, F. L. Murphy, T. Robert and R. Robert left to join their old comrades at St. Francis Xavier, Antigonish.

"Mutt" Lally has left for Toronto to take up a course in aviation in the Flying School there.

H. L. O'REILLY.

TWO BIG FILM PLAYS.

"The High Road" and "The Juggernaut" at the Imperial Next Week.

Valli Valli, in "The High Road," which comes to the Imperial the first three days next week, is the latest production from the studio of Mr. B. A. Rolfe, and will afford the patrons of the Imperial their first opportunity of seeing the exquisite stage star in her first motion picture effort.

Valli Valli, since she attained stardom, has appeared successfully in "The Chocolate Soldier" and "The Purple Road." B. A. Rolfe is responsible for the production, and it was he who also produced "The Three of Us" and "Satan Sanderson," and, perhaps, controls the largest list of stars of any producing manager.

In the original story of "The High Road," as done by Mrs. Fiske in her stage production, the big scene was the fight between Cochran, manager of the shirt-waist factory, and Mary Page, the leader of the Working Girls' Organization. In the motion picture production of "The High Road," Director Noble has made the factory fire one of the most vivid, realistic and startlingly effective scenes imaginable. In addition to the fire scene he plays up his plot with a finesse and delicacy unsurpassed.

Patrons of the Imperial Theatre will be pleased to hear that Manager Conover has prepared a wonderful stage setting reproducing the famous Astor Roof Garden of New York city, which will be placed in the theatre for the first time next Monday evening to celebrate the opening of the Metro programme at that house.

Valli Valli, in Mrs. Fiske's famous play, "The High Road," will be shown on the screen for the first time in Canada, and the management has arranged for the star herself to come up as a guest on the opening night. To make the new programme more effective and give it the surrounding which it deserves, Manager Conover has secured a symphony orchestra of selected soloists as a permanent additional attraction for the winter. Soloists of high calibre will also assist as heretofore.

The thrilling scene in the Vitaphone feature picture of "The Juggernaut," taken at Duck Nest Pond, N.J., which is being shown at the Imperial on Thursday, Friday and Saturday of next week, was certainly the greatest bit of realism that has ever been enacted in moving pictures or in real life. The near drowning of three or four of the players was so closely associated with the scene of the passengers' escape from the submerged train that it was impossible for the on-lookers to know that they were actually fast losing their grip on their mortal existence. Only through the promptness with which the other actors went to the rest of those drowning were they saved from a watery grave. Among those who came near going under for good was Earle Williams. He was grabbed just in time to keep him from going down the last time. It was with a great feeling of relief after the scene was taken and all excitement over that the toll was called and every one found to be among the living. The scene depicted was the giving away of a rotten trestle and the precipitation of a locomotive and a train of four

THIRTY MORE MEN ATTACHED TO BATTALION

Saturday, October 23rd, is Last Recruiting Day for Students.

F. HALE IS MADE LIEUT.

Beginning Thursday the Battalion Will Parade at Old High School.

BATTALION ORDERS, No. 10,
by
LIEUT.-COLONEL ROBERT STARKE,
O.C. McGill Cont., C.O.T.C.

Montreal, Oct. 14, 1915.

1. Attendance.

Members of the Battalion must realize that regularity in attendance is compulsory, and that permission to absent themselves from drill, lectures or parades will only be granted for urgent reasons. Application for such permission must be made to the Company Commander, or second in command, at least twenty-four hours before the parade in question.

2. Discharge.

Before a man can sever his connection with the Contingent, application for discharge must be made to his Company Commander, who, if he approves, will forward application to the Officer Commanding, and, if granted, a discharge on the regular form will be given to the applicant when all uniforms and equipment issued to him has been returned to the Quartermaster's Stores.

By order,
J. C. SIMPSON,
Lieutenant,
Act. Adj., McGill Cont., C.O.T.C.

BATTALION ORDERS, No. 10,
McGill Cont., C.O.T.C.
PART II.

Station, Montreal;
Date, Oct. 14, 1915.

3. Taken on Strength.

The following men are taken on the strength of the Battalion from the dates opposite their respective names, and assigned to Companies as shown:

"B" COMPANY.

Men With Training.

266. Gray, J. Oct. 13, 1915
273. Johnston, H. W. Oct. 13, 1915
274. Drennan, G. B. Oct. 13, 1915
279. Trenholme, E. A. Oct. 13, 1915
280. Casement, R. H. Oct. 13, 1915
285. Collins, F. P. Oct. 13, 1915
286. MacCammon, J. N. Oct. 13, 1915
290. Roussac, J. A. Oct. 13, 1915
292. Barfield, A. C. Oct. 13, 1915
296. Solomon, A. Oct. 13, 1915

Recruits.

276. Grahame, W. C. Oct. 13, 1915
277. Green, B. S. Oct. 13, 1915
281. Fotheringham, J. P. Oct. 13, 1915
283. Hadley, C. D. Oct. 13, 1915
288. Johnson, F. L. Oct. 13, 1915
294. Waring, W. L. Oct. 13, 1915

"C" COMPANY.

Recruits.

265. Smith, P. T. Oct. 13, 1915
268. MacNaughton, G. F. Oct. 13, 1915
270. Kerr, D. R. Oct. 13, 1915
272. Frost, E. S. Oct. 13, 1915
278. Gordon, D. C. Oct. 13, 1915
282. Johnston, C. F. Oct. 13, 1915
284. Fraser, A. S. Oct. 13, 1915
293. Read, D. E. Oct. 13, 1915

"D" COMPANY.

Men With Training.

267. De Sola, B. C. Oct. 13, 1915
269. Bainbridge, H. W. Oct. 13, 1915
289. Martin, J. L. T. Oct. 13, 1915
291. Rutherford, J. B. Oct. 13, 1915
295. French, P. M. Oct. 13, 1915

Recruits.

271. Mott, H. E. Oct. 13, 1915
Signallers.
275. Peter, A. G. Oct. 13, 1915
287. Thompson, T. C. Oct. 13, 1915

Struck off Strength.

The following man is struck off strength of Battalion for date for cause shown:
145. Benson, J. W. Resigned
By order,
J. C. SIMPSON,
Lieutenant,
Act. Adj., McGill Cont., C.O.T.C.

BATTALION ORDERS, No. 11,
by
LIEUT.-COLONEL ROBERT STARKE,
O.C. McGill Cont., C.O.T.C.

Montreal, Oct. 15, 1915.

1. Details.

To be Orderly Officer for week ending Oct. 23:
Captain, P. F. Sise.
Lieutenant, W. W. Robinson.

NEXT FOR DUTY.

Captain, C. D. Harrington.
Lieutenant, W. V. Howard.

King Cook Is Some Soldier

THE MIGHTY TOBIN.
He Has Been Fifteen Years With the Canadian Army Medical Corps and Wishes He Could Go Overseas.

MIGHTY TOBIN OF KING COOK FAME IS BACK

After Serving in the Army Becomes Lonesome for the Medical Students.

WANTS TO GO OVERSEAS

Emperor of China, King of Mexicans, Kaiser of Germany Few of His Many Titles.

After serving six months as sergeant-major in the Composite Regiment Ambulance Section, and having been prevented from going overseas, William Tobin was determined to do his little bit. After the college closed in the spring, he applied to be transferred from No. 4 Field Ambulance to the medical section of the Composite Regiment, and was given the rank of ambulance instructor under Lieut. T. P. Shaw, medical officer. Tobin is one of the pioneer recruits when the Canadian Army Medical Corps started fifteen years ago under Col. Birkett. He has attended fourteen camps, and received his certificate for stretcher drill and first aid to the sick and wounded. He worked his way up from a private, holding the ranks as lance-corporal, full corporal, sergeant-quartermaster, sergeant and sergeant-commander, serving under Majors Birkett, Wyld, Hill, Burnett and Muckleston. During peace time Tobin's name would be seen on many a concert programme with his banjo and comic songs.

Tobin is living in hopes, after the college closes in the spring, of joining his mess comrades in France and rolling up his sleeves with the rest of the boys. He has received the following titles from the med.: Emperor of China, King of the Mexicans and Kaiser of Germany.

MED. SOPHOMORES SHUT OUT FRESHMEN

Upham, Parkins and McCullough The Individual Stars.

Med. '19 defeated Med. '20 in a very snappy game of football at the new Stadium yesterday at 1:30 p.m. The Freshies played a gritty game but were decidedly outclassed by the Sophs who played fine ball and from time to time uncorked some very spectacular plays. The Freshies were unable to break the Sophs' impenetrable line, but made up for it by their tackling and end runs. The Sophs, although victorious, can in many ways strengthen their team. The final score was 12-0 for Med. '19. The winning teams line up was: Upham, Tibbs, Fleck, Common, Moore, DeRoche, Alnor, McCullough, Almond, Parkins, Rooney, Sample, Gold, Kauffman, Leggo, Kennedy.

2. Recruiting.

Students who desire to enlist in the Contingent must do so on or before Saturday, October 23, 1915, after which date recruiting will close for students.

3. Certificate B Lectures.

Lectures for men desiring certificate B qualification will be held in the Engineering Building, McGill University, on Wednesday afternoon, at 5:15 o'clock.
All Officers holding Lieutenants' certificates should take this course of lectures.

4. Information.

Commencing Thursday, October 21, the Battalion will parade at the old High School, Metcalfe street.
The south door (nearest St. Catherine street) will be used, and the companies will fall in as follows:
"A" Company in the Gymnasium.
"B" Company in the Gymnasium.
"C" Company in the South Corridor.
"D" Company in the West Corridor.

5. Appointments and Promotions.
Sgt. F. W. G. Hale to be Lieutenant and Platoon Commander "D" Company.
By order,
J. C. SIMPSON,
Lieutenant,
Act. Adj., McGill Cont., C.O.T.C.

LIEUT. C. MOOR OF SCIENCE '15 AMONG KILLED

Fell While Leading An Assault Upon Turkish Entrenchments.

GRADUATE OF CAMBRIDGE

Was Signalling Officer Attached to General Staff at the Dardanelles.

News regarding the circumstances surrounding the death in action of Christopher Moor, a popular member of the class of Science '15, who enlisted in one of the English regiments at the commencement of the war, have been received at the office of the Dean of the Faculty of Applied Science.

Lieut. Moor, who was a graduate in Arts of the University of Cambridge, entered third-year civil engineering at McGill in the fall of 1913, and upon completing his studies at the close of that session joined the 3rd Battalion, Hampshire Regiment, as second lieutenant. The 3rd was a reserve battalion, supplying reinforcing drafts to the 1st Battalion at the front, and Lieut. Moor during the interval acted as signalling officer, training officers and men in this branch of the service at Albany Barracks, Parkhurst, Isle of Wight.

Last spring he was sent to the Dardanelles. He fell ill shortly after arriving there, and was invalided to Heliopolis in Egypt, where he remained until his health had been restored. Curiously enough, Mr. Moor had in England taken up the study of Egyptian hieroglyphics as a hobby, but had never had the opportunity of actually seeing these inscriptions in Egypt, until through the fortunes of war he was sent to the hospital at Heliopolis.

Immediately upon his recovery, Mr. Moor returned to the Dardanelles and took part with his regiment in an assault upon the Turkish positions. He reached the actual parapet of the Turkish trench, but was there killed instantly. Mr. Moor will be remembered by the students of Science '15 as a young gentleman of excellent ability and charming personality.
At the time of his death, Mr. Moor was an officer in the Signal Corps and was attached to the general staff. He was born in Lincolnshire in 1892.

SERBIA'S NEEDS ARE DISCUSSED

Miss Helen Losavitch Makes Plea For Relief of Stricken Allies.

Miss Helen Losavitch was the guest of Miss Hurlbatt at lunch yesterday at the R. V. C. She is the daughter of Prof. Losavitch, of the University of Belgrade, former Serbian Minister to London. Her mission here is to bring before Canadians the special needs of Serbia at this time. The epidemic of typhus there has been suppressed, and an outbreak of cholera prevented. But the time has come for reconstructive work, and the most important part of that work is the care of the many children made orphans by the war and the fever. The number of orphans in Serbia was estimated two months ago as over 5,000, and from later reports it seems that the figure will prove to be considerably higher. The Serbian Agricultural Relief Committee of America hopes that an orphanage may be founded where the children can be taught the rudiments of scientific agriculture and domestic science, so that they will not only be able to support themselves, but also to improve the agricultural condition of the country. The present plan is to obtain a grant of the use of the buildings of one of the famous old Serbian monasteries. Many such monasteries exist which are practically unused, and as these monasteries have many thousands of acres of land and are generally situated high in the hills and in beautiful and fertile districts, the care of the orphans there could be carried on economically and satisfactorily on the lines indicated.

The following is a copy of a letter from Madame Marinovitch, wife of the Serbian Minister of Agriculture, to Miss Losavitch:
"I enclose a letter from the Serbian Council of Women, who ask you to help them in their orphanage. The Monastery of St. Stephen has been assigned to them, and they are preparing it as fast as possible, but you can see from their report that they need funds. M. Bore, the French Minister, spoke to Marin about a project for a French orphanage of about 100 children. They have raised in France 100,000 francs through the initiative of Madame Sarah Bernhardt.
"At every turn you hear discussed the problem of the children, and it has many aspects. It is not only how to keep them alive, but how to keep them good. With the lack of oversight and the disorder of the community, we are afraid many of them will grow up beggars and delinquents.
"Do you know, I have an idea to suggest. What do you think, would you be able to interest somebody in America who would realize the needs and the urgency of this particular problem? Could you induce them to organize an orphanage?"

Miss Losavitch came to America for this purpose, and has succeeded in collecting about \$120,000. Yesterday afternoon, at the Ritz-Carlton, she spoke before the Women's Canadian Club, of which Miss Hurlbatt is the president, and caused her audience to appreciate the really dreadful condition of affairs in Serbia. On Sunday afternoon Miss Losavitch speaks to the students at Macdonald College.

UNIVERSITIES CO. HAVE A POOR DAY

Only Two Men Joined Yesterday—Interesting Work Done at Ranges.

The Fourth Overseas Universities Company did not enroll as many men as usual yesterday, C. A. Vanables and C. E. Smith being the only two to submit themselves as volunteers for entry into this unit of the P.P.C.L.I. The Colt machine gun that was to have arrived a few days ago has unavoidably been delayed in Kingston, from which town it was to have been sent. Yesterday the Company spent the morning in rifle drill, while a detachment of twenty-four men went down to the Pointe aux Trembles ranges. Here these men stayed for the whole day, having a lunch at the butts, and they shot many rounds at both the 200 and 500-yards ranges.
In the afternoon a short route march was indulged in, while at 4:20 the whole company formed up for pay-parade, when they received the "ever-needful."

The Fourth Universities Company is rapidly adopting a very clerical personnel. Already two representatives of the Methodist clergy are in the ranks. These men have for the time being dropped the reverend in front of their names, and are now known as Privates Anglin and Lucke.

QUEEN'S MAN WITH ANARCHIST SQUAD

Pte. S. Creighton Wishes All College Dinners Could be Held in France.

Pte. S. Creighton, a Queen's man with the First University Company, P.P.C.L.I., writes as follows:

"To begin with, all the Queen's men are very much alive and doing their share of the work of the battalion. There have only been two casualties among our draft, both Montrealers. The second university company are here. Since coming to France I have acquired a knowledge of bombs and grenades and am now a qualified anarchist, in so far as the Huns are concerned. We are all out at rest camp now after having done a month in the trenches. The life there is spacy as there is always something happening to command your attention. Aerial duels and shelling of anti-aircraft guns often form the object of interesting observations. Just this morning I saw a German aeroplane brought down after a duel with a plane of the Allies. I also saw a British plane brought down some time ago by a German shell. The trenches in this part of the battlefield are very comfortable and, except to the foot-happy or indiscreet, afford splendid protection. We are not very far away

Canadians Have Reason to be Very Proud
of "CeeTee Underclothing"

"CEE TEE"
UNDERCLOTHING
ALL PURE WOOL - GUARANTEED UNSHRINKABLE
MEANS ECONOMY PLUS COMFORT

NOT only is it manufactured by a firm who established themselves in Canada over 56 years ago—but a firm who have succeeded in producing woolen underclothing (CEE TEE) that is not surpassed anywhere in the world—not even in the Old Country—so famous for the high quality of its woolen goods.

When the British Government came to Canada looking for army underwear, ours was the only firm in Canada that had the necessary machines to produce the garments according to the samples which they brought with them. Therefore, they were compelled to change their specifications so that other knitting companies could be given some work immediately.

"CEE TEE" Underclothing is all made on these special machines, from only the finest Australian merino wool obtainable. This wool is combed and until every possible particle of foreign matter is taken out, and it is washed until it is as clean as human ingenuity can make it. The yarn is then knitted to fit the human form. This is why it sets so neatly over the body, making the outer clothing fit as perfectly as possible.

Worn by the Best People—Sold by the Best Dealers.

In All Sizes, for Men, Women and Children.

Made in Canada from all British Material by

IS YOUR HAIR THE HARDEST TO TRIM AS YOU WANT IT?

Any barber can "cut hair" but only barbers who make a study of each individual, the shape of his head, the way his hair grows, and who observes the styles can please the most exacting man, and make him a regular customer.

So First Year Students, do not fail to extend your patronage to this barber shop, patronized by your 1st, 2nd, 3rd and 4th year confreres, ever since I established at 163 PEEL STREET, corner of St. Catherine. Under Tooke's.

J. W. POTVIN

DEPARTMENT OF MINES

GEOLOGICAL SURVEY.

PUBLICATIONS

The Geological Survey has published maps and reports dealing with a large part of Canada, with many local areas and special subjects.

A catalogue of publications will be sent free to any applicant. Most of the older reports are out of print, but they may usually be found in public libraries, libraries of the Canadian Mining Institute, etc.

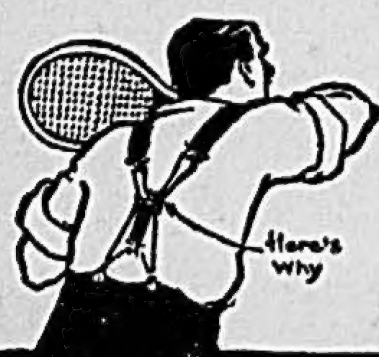

REPORTS RECENTLY ISSUED.

- 1055. CANADA. Descriptive Sketch of the Geology and Economic Minerals of Canada. Accompanied by a geological and mineral map of Canada, by G. A. Young and R. W. Brock.
- 1165. NEW BRUNSWICK AND NOVA SCOTIA. Bathurst District. New Brunswick, by G. A. Young. Maps not yet published.
- 1186. QUEBEC. Memoir No. 35. Reconnaissance along the National Transcontinental Railway in Southern Quebec, by John A. Dresser.
- 1160. ONTARIO. Memoir No. 17. Larder Lake District, Ont., and adjoining Portions of Pontiac County, Quebec, by Morley E. Wilson.
- 1242. Memoir No. 33. Geology of Gowganda Mining Division, by W. H. Collins.
- 1204. NORTHWEST PROVINCES. Memoir No. 24. Preliminary Report on the Clay and Shale Deposits of the Western Provinces, by Heinrich Ries and Joseph Keele.
- 1220. Memoir No. 29. Oil and gas prospects of the Northwest Provinces of Canada, by Wyatt Malcolm. Map not yet published.
- 1175. BRITISH COLUMBIA. Memoir No. 21. The Geology and Ore Deposits of Phoenix, Boundary District, B.C., by O. E. LeRoy.
- 1228. YUKON AND NORTHWEST TERRITORIES. Memoir No. 31. Wheaton District, Yukon Territory, by D. D. Cairnes. Maps not yet published.

MAPS RECENTLY ISSUED.

- 1142. CANADA. Mineral Map of Canada. Scale 100 miles to 1 inch.
- 2077. Map 91A. Geological Map of the Dominion of Canada and Newfoundland. Scale 100 miles to 1 inch.
- 1133. NOVA SCOTIA. Map 12A. Kingsport sheet, Nova Scotia, No. 84. Scale 1 mile to 1 inch.
- 1208. Map 53A. Southeast Nova Scotia. Scale 4 miles to 1 inch.
- 1181. NEW BRUNSWICK. Map 55A. Reconnaissance Map of Parts of Albert and Westmoreland Counties, N. B. Geology and topography. Scale 1 mile to 1 inch.
- 1178. QUEBEC. Map 42A. Larder Lake and Opasatika Lake, Nipissing, Abitibi and Pontiac, Ontario and Quebec. Geological. Scale 2 miles to 1 inch.
- 750. ONTARIO. Grenville Sheet. Parts of Counties of Ottawa, Argenteuil, Terrebonne, Two Mountains and Vaudreuil. Quebec and Carleton, Prescott and Glengarry, Ontario. Geology. Scale 4 miles to 1 inch. Reprint.
- 1177. Map 31A. Larder Lake, Nipissing District, Ontario. Geology. Scale 1 mile to 1 inch.
- 1244. Map 64A. Advance Geological Copy of Map of Gowganda Mining Division and vicinity. Scale 1 mile to 1 inch.
- 1132. ALBERTA. Map No. 7A. Bighorn Coal Area, Alberta, by G. Malloch. Scale 2 miles to 1 inch.

Free periods	4-5	4-5	4-5	4-5	4-5	4-5
Boxing, wrestling and fencing—Hours to be arranged for special exercise room.						

CHAMPION MED. '17 TEAM ORGANIZE FOR INTER-CLASS SERIES

H. B. Church Again Elected Manager and Practice to Start at Once.

Medicine '17, for three successive years champions of the inter-class series, have decided to try to win a fourth title. Many of the former stars are serving overseas with the McGill Hospital. Blisset, last year's famous runner, and Wop Stewart, the heavy line plunger, will both be missed. Despite these losses, Med. '17 expect to make the best of them, and the first practice will be held this morning at 9 o'clock.

HER HANDS. "You ask my hand in marriage. Aren't you rather ambitious?"
"Yes, but I always did strive for big things."
From that moment his case was hopeless.

When we talk about Fall Suits for Young Men, we mean Suits of an entirely different cut from our regular Men's Models.

Two things make the difference; first—
q Their snap and style; the little knick-knacks of novelty in perfect good taste; and, secondly—
q Slimmer, snugger, trimmer sizes than middle-age fullness of form could wear.

College Athletics

ALL READY FOR FRESH- SOPH. MEET

Many From Senior Years Practicing In Preparation For Sport's Day.

GOOD TIMES EXPECTED

Meet This Afternoon Marks The Opening of New Stadium.

The Stadium was a centre of great activity yesterday afternoon, when about fifty men were out, going through their paces in the various events. One of the particular features of the workout, was the splendid showing of the Freshmen. Some of these men were comparatively raw a few days ago, but are rapidly rounding into shape and many stars will doubtless be uncaptured at the coming meet.

Parsons the husky from Sci. '18 tossed the weights around with as much ease as a veteran and with a little more practice ought to be a big point-winner on Field Day.

Hughie Crombie, one of last year's ring artists, displayed great form in the shorter distances and should make a mark for himself next Friday. Macklin also did some great work.

Gerrie was on duty again, and worked well. He seems to have a reserve of speed at all times. His favorite distances are the one mile and three mile runs.

Cassidy also ran well and looks to be in splendid shape.

Many of the Freshmen rested up last afternoon, in preparation for the Freshmen-Sophomore Sports this afternoon. This event marks the opening of College Athletics. As the new Stadium tracks is one of the finest cinder-paths on the Continent, some excellent times should be recorded.

Everyone should make it a point to attend, as this meet marks the opening of the Stadium.

Next week is the last lap in preparation for the Inter-Year Sports. This event will bring out a larger field of contestants than ever before at such a meet, as the Intercollegiate is not operating this season.

Tom Graydon will be on hand every afternoon next week to whip the athletes into condition. Tom has discovered many "finds" in his day and has developed a number of McGill's Track Heroes.

The list of officials for the Freshman-Sophomore Meet this afternoon is as follows:
Referee—Professor C. H. McLeod.
Track Judges—W. H. Gerrie, H. Crombie, H. R. Morgan, A. M. Althara.
Field Judges—Prof. Ludlow, E. Corbett, V. Lemay.
Starter—Dr. J. C. McMillan.
Scorers—A. Legault, E. J. Pope, S. R. McCreary, T. W. L. McDermott.
Clerks of Course—Frank Common, E. Cushing.
Timekeepers—A. S. Lamb, R. W. Hovey, Prof. Brown.
Announcer—H. A. Melville.

PHYSICAL EXAM.

An extract from the regulations of the Athletic Association states that all men must be examined before taking part in any branch of athletics. Those not complying, will be suspended from further participation in college sports and are liable to lose Ensignia or other athletic decoration.

THE M. A. A. LINE-UP FOR TO-DAY'S GAME.

Flying wing, Gilhooley; halves, Fullerton, O'Brien and Wallace; quarter, Gammon; full backs, McMahon, Herscovitch, Greenwood and Abbot; outside wings, Sharpe and Barclay; middle wings, Polakoff and Seal; inside wings, Dourly and Hugboos; reserve, Williscroft, Cairns, Laine, Culkins, Acheson and Lahue.

SINGS TO COMMENCE

To-morrow Evening the Y.M.C.A. Will Hold First Sunday Evening Sing.

To-morrow evening, at 8.45, the McGill Y.M.C.A. commences for this season the usual Sunday evening sings in Strathcona Hall. Last year these sings proved very popular, the informal nature of these meetings being much appreciated. After church the men sit around and sing old favorite hymns, at the close of which light refreshments are served.

EASTERN TOWNSHIP CLUB

Will the members of the executive of the E. T. Club kindly communicate with F. W. Hackett, secretary. Tel. UP. 2543. Important.

WATER POLO.

A water polo practice will be held at 4 o'clock. All men wishing to make a place on either team are requested to be present. Any fair swimmer desirous of learning water polo will also be welcome.

PARTIAL SOCIETY MEETING AT R.V.C.

Officers Were Elected and the Formation of a Tennis Team Was Discussed.

The first meeting of the Partial Students' Society was held in the common room on Friday afternoon at 2 o'clock. The business in hand was the election of officers, and the organization of a committee to arrange for co-operation with the undergraduates' branch of the Red Cross Society. The election resulted as follows: Hon. president, Miss Cameron; president, Miss Evelyn Holland; secretary-treasurer, Miss Margaret Gibb.

As representatives to the Red Cross Society, the following were chosen: First year, Miss Frederica Lemore; second year, Miss Helen Savage; third year, Miss R. Wilder; fourth year, Miss Margaret Gibb.

The possibility of organizing a tennis team was discussed, and it was agreed to practice as often as possible, with a view to playing a friendly match with the undergraduate team. Miss Louise Wilder was elected sports representative.

SPORTS DAY SCRAP

Freshman Warned That the Rush Is Not to be Held To-day as Reported.

The presidents of the first and second years of the various faculties met in conference with the officers of the Students' Council in connection with the coming Sports Day. A rumor has been circulating to the effect that there would be a "Scrap" to-day, but the presidents were asked to deny this report and say instead that it would be held the day of the Sports. The men participating are requested not to carry out their tactics on the Stadium proper but rather to one side.

MEDICAL DINNER.

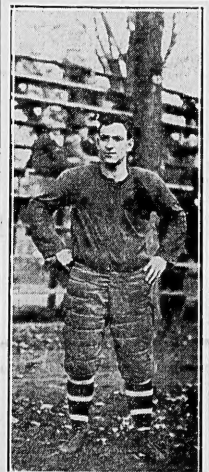

Notice is hereby given that nominations for the officers of the Medical Dinner Committee for 1916 will be received by the undersigned up till 8.15 p.m., October 22, 1915. The nominee shall be a member of the class of Medicine, 1916. All nominations must be in writing and signed by five or more undergraduates of the Faculty of Medicine.
J. E. APPELCK, President.

TENNIS AT R.V.C.

To-day at ten o'clock a team from Macdonald College will meet the R.V.C. tennis players. Everyone is requested to attend, and root for the home team.

The players for the R.V.C. are as follows:
Singles—J. W. Wyal; 2, L. Howler; 3, M. Muir.
Doubles—1, M. Spier, A. Yowgor; 2, M. Currie, M. Cameron.

OUR BILL
Former Popular McGill Inside Wing Who Has Turned Out With M.A.A.A. and Will Play With That Team at Ottawa To-day.

MANY TURN UP; SOCCER CLUB HELD MEETING

Athletic Association Has Promised Use of Stadium Tuesday Afternoon.

PRACTICE STARTS TUESDAY

Men Urged to Turn Out as Everyone Will Get a Place on First or Second Team.

A very successful meeting of the McGill Soccer Club was held last evening at Strathcona Hall. The attendance was much larger than usual and by all appearances McGill will be able to boast of the best Soccer team yet.

The meeting opened by the President saying a few words and welcoming all the members back and was glad to see so many at the meeting. He also was sorry to state that Treble, late of Arts '17, died during the vacation at Sic. Agathe, and was sure that all the members were sorry and would miss his presence this year.

The Secretary then read the minutes of the last meeting and at the wish of the president, read through the constitution. It was then decided to do away with the management board and leave the managing in the hands of a committee consisting of the representatives of the various Faculties, the executive and the captain.

The various members then stated their approval of a coach, its first time that one has been secured for the Soccer Team and it is assured that he will assist the club to the best of his ability.

The question of fees then came up and was soon settled agreeably. The President then stated that the teams were to have the use of the Stadium on Tuesday afternoons, after 4 o'clock, and the members were anxious to start next Tuesday. Then came a discussion as regards uniforms and every man has to turn out for matches in striped red and white shirts, which can be obtained at Spalding's or Kerr's.

It was then decided that exhibition games were to be arranged and the proceeds given for Patriotic purposes and in this way the club will be able to do their share towards the aid of others.

This meeting came to a close and the members expressed themselves that prospects were very bright and they promised to do all in their power to aid the interests of the club.

OTTAWAS ARE CONFIDENT

Will Depend Upon Trick Plays and Speed.

Reports from the Capital are of a very optimistic nature regarding today's game. The players, though young, are being drilled regularly and are in good condition. The fans pin their faith to the "Immortal Six" and believe he has enough up his sleeve to trim any team.

1916.

A meeting of the Year 1916 for the purpose of the election of officers for the ensuing year will be held at 5.30 p.m., Tuesday, October 19, at Strathcona Hall. Arts, Medicine, Law, Theology and Science are all requested to attend.
W. S. SUTHERLAND, Pres. '16.

NOTICE TO MANAGERS AND CAPTAINS.

Managers of teams are responsible for a complete list of their players to be handed to the president of the Athletic Association. Cards for this purpose may be obtained from Mr. Melville at the Union.

SOCCER PRACTICE.

The first match of the McGill Soccer Club will be held on Tuesday afternoon at the Stadium, at 4 o'clock sharp. All those interested are earnestly requested to come out.

SCI. '17 FOOTBALL

There will be a practice of the Sci. '17 football team to-day. Every one desirous of playing will please meet in the common room of the Engineering Building at 2.30. Bring uniforms if possible.

J. A. FERGUSON, Captain.

ELECTED PRESIDENT A. A.
P. H. C. Clark, Art '17, has been elected president of the Presbyterian Athletic Society.
